TO WHOM IT MAY CONCERN

This is to certify That EVAPOLER team has executed the contract to our satisfaction in term of quality and timely execution.

The Evapoler natural air cooling machines are providing a comfortable environment in the School. We are happy with the cooling performance of Evapoler machine and are looking at the possibility of using Evapoler units at other location in the school.

We are using their machines from the last 4 years and are quite satisfied with their service.

(RK Sharma)
Office Superintendent
