TO WHOM IT MAY CONCERN

This is to certify That EVAPOLER - Natural Air Cooling System, provides excellent

Cooling to the work place even better during the hot and dry summer month. They maintain conducive working environment which increases the productivity of workers.

We are happy with the product and recommend this to all those having a big area. The Evapolermachine are easy to maintain, cost effective & consume less electricity.

They have a strong after sales service policy and spare parts are available all-round the year.
